COMMUNITY POWER

WE ACT FOR ENVIRONMENTAL JUSTICE

Join an energy co-op & get solar power that comes from your neighborhood.

Sign up for Community Power, a program where Northern Manhattan residents can **reduce electricity costs by 15-20%** with **community solar—** solar energy that's shared by a local co-op.

To get started, visit our website & fill out the form on the homepage:

www.COMMUNITYPOWER.nyc

COMMUNITY CENTER

How does it work?

1. The Co-op installs solar panels on a building in your neighborhood. As a member of the Co-op, you are assigned a portion of the system.

2. Each month, the solar panels produce energy that goes to the Con Edison grid.

4. You keep 20% of the Solar Credits and pay the rest to the Co-op as your subscription.

Your credits are always more than the subscription, so you always save!

3. Con Ed pays the Co-op (you!) for the solar energy via a Solar Credit on your monthly bill, lowering the bill amount.

CREDIT

Great! How do I sign up?

Spots are limited. Reach out today!

1 Fill out the form on our website homepage (or just call us).

2 After we confirm your eligibility, we'll send you a Co-op Agreement to sign.

3 We'll reserve a portion of the solar energy system for you.
